

ABOUT LESEDI

LESEDI is a trusted Engineering, Procurement, and Construction (EPC) company with offices in Gauteng and the Western Cape, proudly serving the African market for over 40 years. Founded to provide engineering, maintenance, and technical solutions, we have built extensive experience in executing turnkey Brownfield and Greenfield projects across diverse plant facilities. All our engineering disciplines are in house and we offer a full engineering service from pre-feasibility to close out. Through close collaboration with leading industrial players, we have developed a strong understanding of client-specific operational challenges and how best to solve them.
